SCIENTIFIC PROGRAM

Friday 24th of April 2020

09:00-11:00 Round Table: Lung Cancer

Diagnosis and Staging of NSCLC & SCLC

Management of locally advanced and metastatic NSCLC

Immunotherapy in Non-Small Cell Lung Cancer

Management of Small Cell Lung Cancer

11:00-12:00 Round Table : Pleural Disease

Diagnosis and Biomarkers in Pleural Disease

Management of malignant pleural effusion

12:00-12:30 Break / Hands on Demonstration workshop (in the main hall)

12:30-14:00 Round Table: Tuberculosis and NTM

Tuberculosis

Latent Tuberculosis Infection

Non-Tuberculous Mycobacteria

14:00-15:30 Lunch Break

15:30-17:30 Round Table: Interventional Pulmonology

EBUS Staging in Lung Cancer

Guided Approach to Lung Periphery

Endobronchial Lung Volume Reduction for Emphysema

Challenges in Interventional Pulmonology Training

DATE

17:30-18:00 Break / Hands on Demonstration workshop (in the main hall)

18:00-19:30 Round Table: Pulmonary Vascular Disease

Pulmonary Embolism Diagnosis and Assessment

Pulmonary Embolism Management

Pulmonary Arterial Hypertension

19:30-20:30 Opening Ceremony & Keynote Lecture

Opening Remarks

Shaping the Future of Respiratory Medicine through Major Societies and Collaborations

Saturday, 25th of April

09:00-11:00 Round Table: Respiratory Infections

Community Acquired Pneumonia

Novel Coronavirus–Infected Pneumonia

Non-Cystic Fibrosis Bronchiectasis

Adult Cystic Fibrosis

11:00-11:30 Break / Hands on Demonstration workshop (in the main hall)

11:30-13:30 Round Table: Interstitial Lung Disease

Idiopathic Pulmonary Fibrosis

Sarcoidosis

Rare Parenchymal Lung Diseases

DATE

13:30-14:30 Round Table: Non-Invasive Ventilation (NIV)

NIV in Acute Hypercapnic Respiratory Failure

NIV in Chronic Care

14:30-15:30 Lunch Break

15:30- 17:00 Round Table: Challenging Clinical Problems

Vaping-Associated Pulmonary Illness

Chronic Cough

Lung Transplantation

17:00-17:30 Break / Hands on Demonstration workshop (in the main hall)

17:30-19:30 Round Table: Asthma

Asthma Diagnosis and Monitoring

Severe asthma management

Allergic rhinitis and upper airways disease

T2-low asthma

19:30-20:30 Keynote Lectures

Artificial Intelligence in asthma and COPD

What is New in the Blue (Journal)

21:00 Dinner

Sunday, 26th of April

09:00-11:00 Round Table: COPD

COPD Diagnosis, Prognosis and Monitoring

COPD Pharmacotherapy

COPD Exacerbations

Non-Pharmacological Management

11:00-11:30 Break / Hands on Demonstration workshop (in the main hall)

11:30- 13:30 Round Table: Sleep disorders

Obstructive Sleep Apnea

Central Sleep Apnea

Obesity-Hypoventilation & Restrictive Disorders

Sleep Apnea and Metabolic Syndrome

13:30-15:00 Summary & Closing
